

Services we offer

- Support, advice and signpost parents
- Provide Thrive assessments and initiate Thrive interventions
- Offer advice and support on issues relating to behaviour management and inclusion
- Assist with interventions as a graduated response, liaising with staff about issues relating to pupils' well-being and behaviour including early intervention and assessment
- Help maintain equal opportunities and improve learning outcomes for pupils with behavioural difficulties
- Provide intervention that is monitored, reviewed and evaluated to ensure this continues to meet their needs
- Provide targeted support to assist with the successful reintegration of pupils back into education
- Working proactively with outside agencies to ensure the service provided is cohesive and effective
- Provide recommendations on bespoke timetabling, classroom design and layout
- Provide support and advice on Managing Extreme Behaviour including; handling aggression and violence, working with angry learners, passive aggression, ADHD, Autism, Aspergers and disaffected learners

The Referral Process

Who can be referred?

The Bridge Education Centre Outreach Service is for pupils who are at risk of exclusion or not engaging in their mainstream setting.

What we do:

- Set up an initial meeting / conversation with school
- Set up meeting at school or home with the young person, school and parent as required
 - Agree a programme of support
- Provide outreach support in school or home
 - Monitor, review and evaluate progress
 - Give advice and suggest strategies following classroom observations
 - Work with staff providing support, advice and training
- Work with individual pupils and small groups
- Provide 6-8 week intervention programmes

Who we are:

The Bridge Outreach Service

- Is based at The Bridge Education Centre
- Supports KS3 & KS4 students in our feeder schools
- Consists of trained and experienced staff who work flexibly according to the needs of the pupils and school
- Have a licenced Thrive Practitioner
- Offer a range of basic assessments
- Offer a range of interventions including:
Emotional Literacy • Mindfulness • Counselling
Cognitive Behaviour Therapy • Lego Therapy
Conflict Management • Thrive and many more

Information for Parents

The Bridge Education Centre Outreach Service support schools in promoting good behaviour and well being. We offer support to all Secondary Schools in Hampshire.

We work with the agreement of parents/carers in partnership with schools.

We support the student in the school setting

Who are we?

We are a highly skilled team of outreach workers. We use our training and experiences and work flexibly with young people according to their needs at home or educational setting.

How can you help?

- Talk to your child before we start the programme
- Ask them about the sessions
- Attend arranged meetings
- Support your child with their targets
- Engage with our Parent Support Advisor

The Bridge Education Centre Outreach Service aims to:

Recognise students social, emotional and mental health needs.

Re-engage students with their learning.

Reduce the risk of exclusion.

The Bridge Education Centre Outreach Service

Removing obstacles and enabling access to learning

The Outreach Team will use individual centred processes to support the emotional, social and mental well-being of students where current behaviours have a significant impact on their ability to access education.
